

READING NOTES 16

Read Sections 16.2 through 16.8 of your book. Complete the notes for each region on this

16.4 Lewis and Clark Expedition (1804 to 1806)

List five places Lewis and Clark traveled.

In the space below, draw a visual showing Sacagawea's role in the expedition. (Don't draw your visual on the map, and don't color the map for this section of notes.)

16.7 Acquisition of Oregon Country (1846)

How was this territory acquired?

Draw a visual on the map showing what happened to the Native Americans.

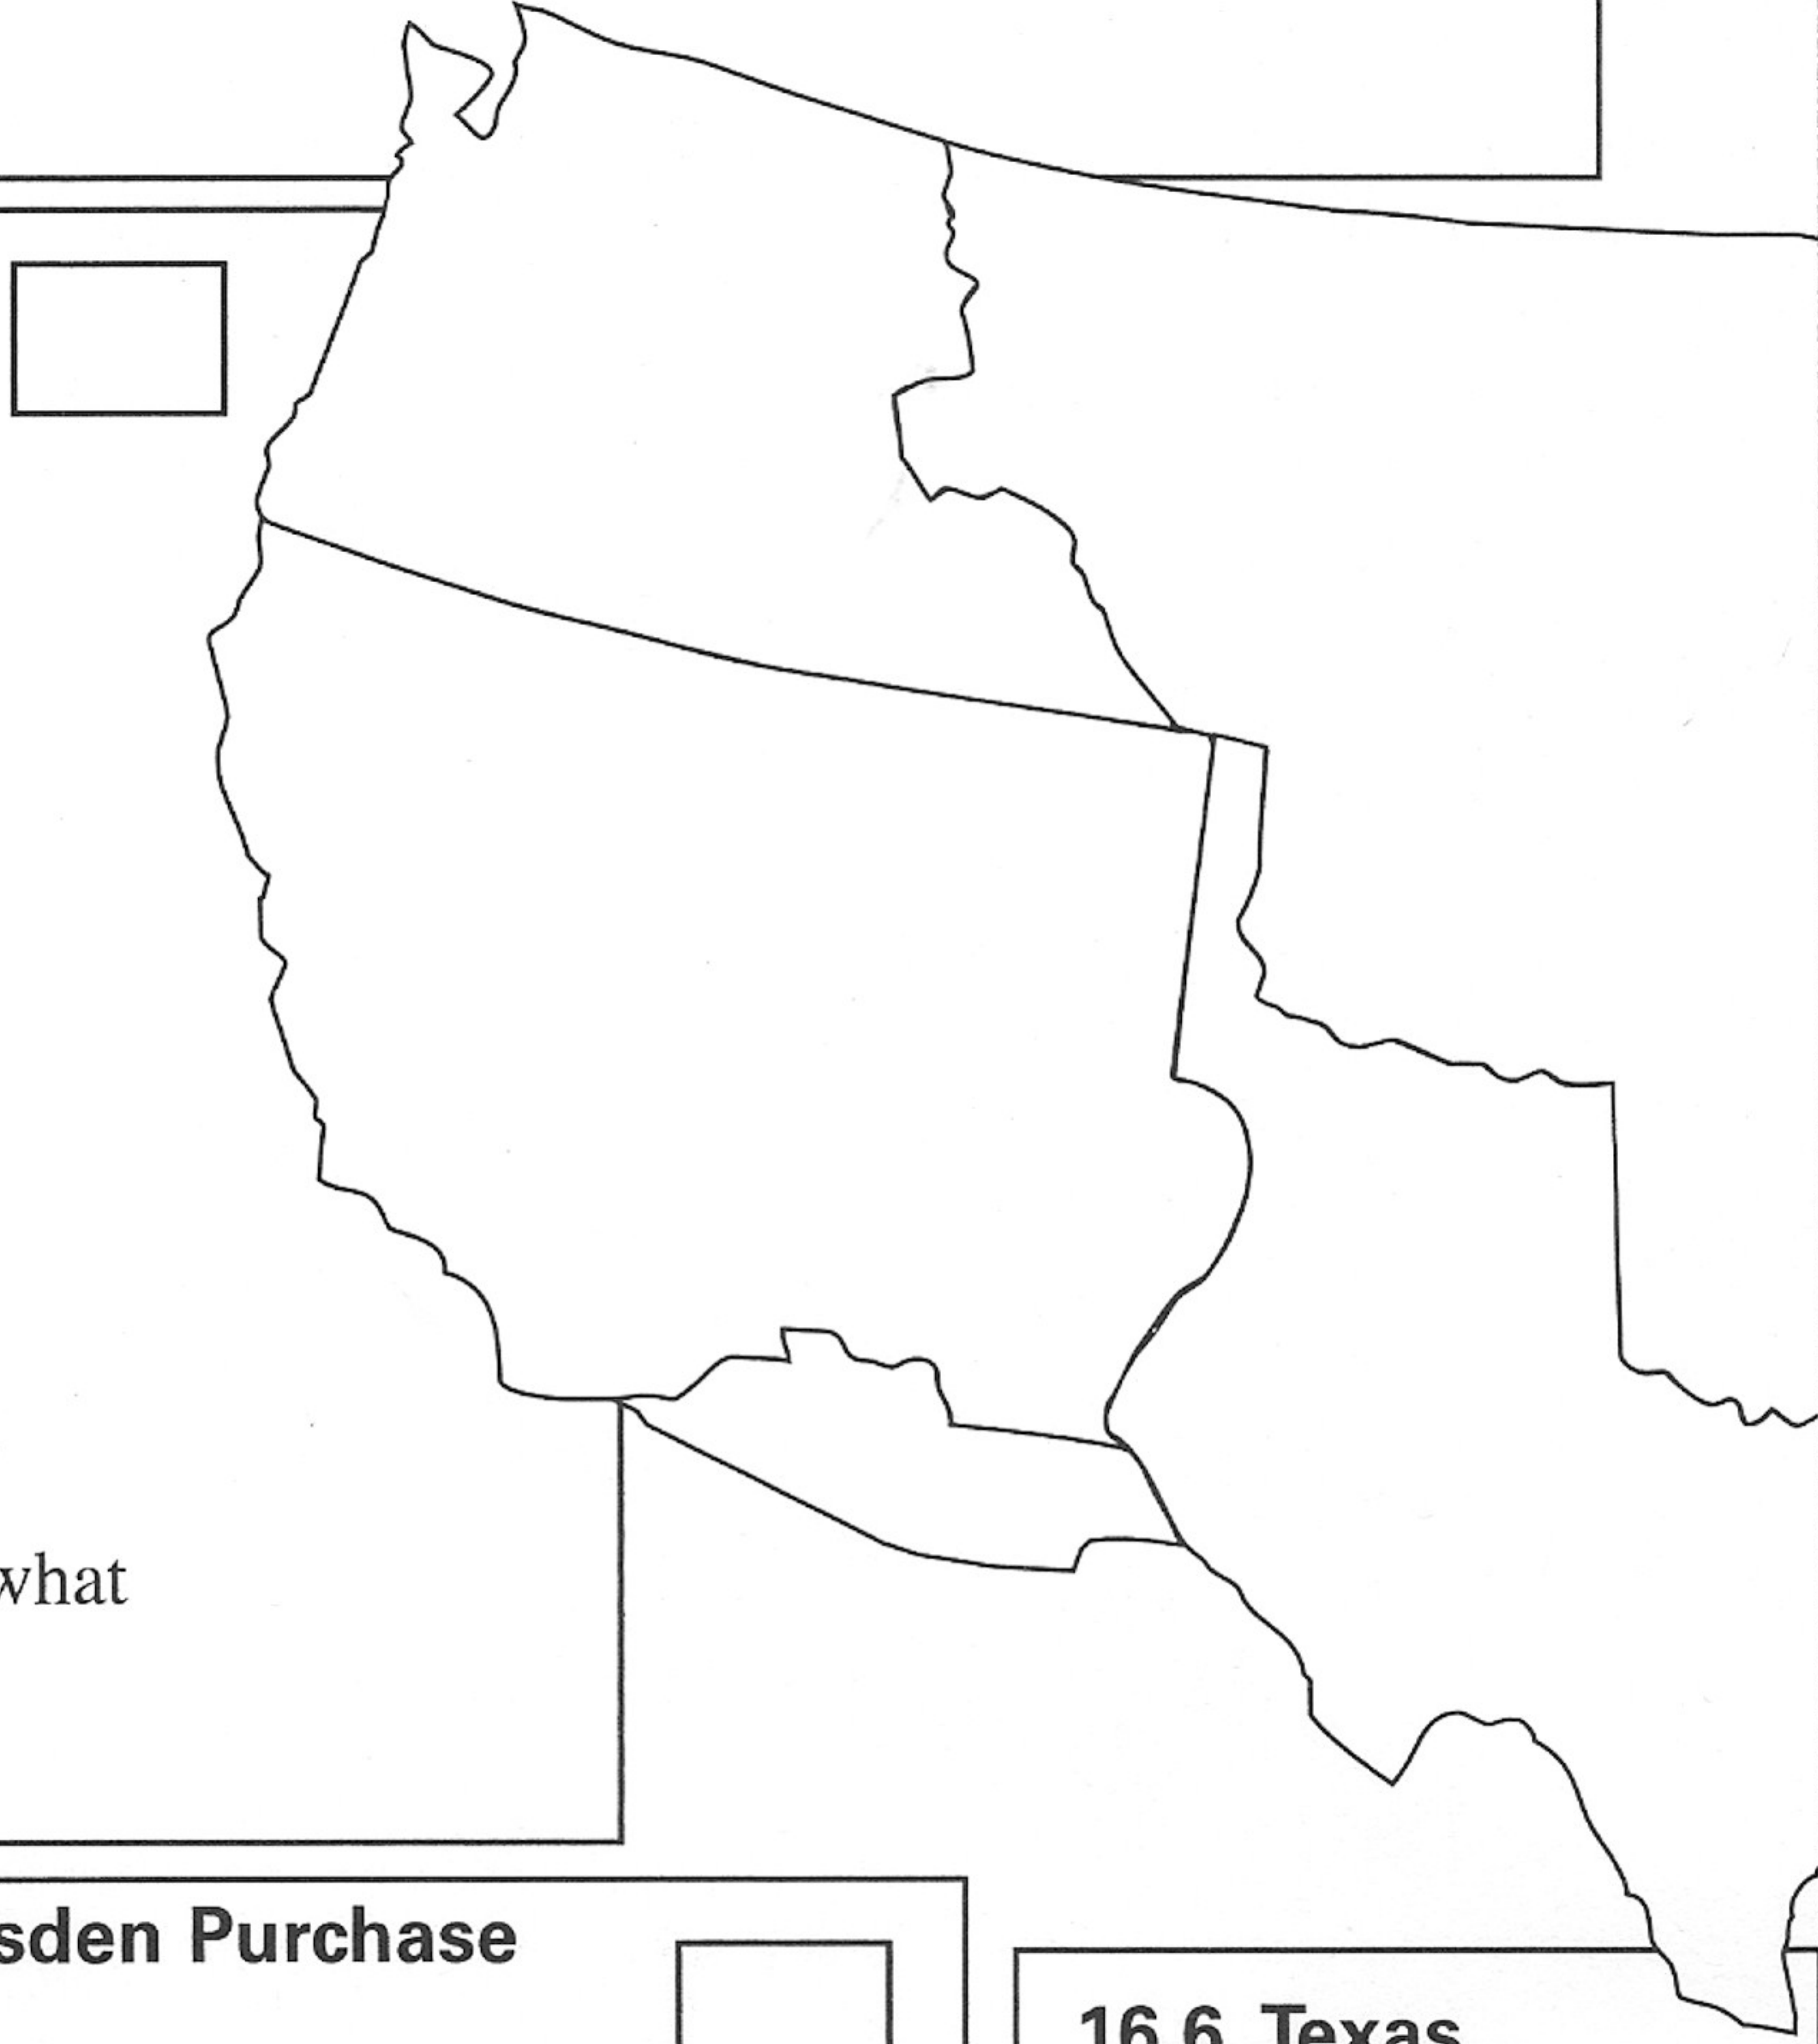

16.8 Mexican Cession and Gadsden Purchase (1848 and 1853)

How were these two territories acquired?

Draw a visual on the map showing what happened to the Mexicans and Native Americans.

16.6 Texas Annexation (1845)

How was this territory acquired?

map. Using a different color for each region, color the inside boundary of each region on the map and use the same color to fill in the color-code box in the matching section.

16.3 Louisiana Purchase (1803)

How was this territory acquired?

Draw a visual on the map showing what happened to the Native Americans.

16.2 United States in 1783

How did the United States acquire this territory?

What other territory did the United States want?

16.5 Florida Acquisition (1819)

How was this territory acquired?

Draw a visual on the map showing what happened to the Mexicans.

Draw a visual on the map showing what happened to the Seminoles.
