## Video Assignment: Birth of a Civilization

**Directions:** As you watch the video, note the different technologies mentioned and explain in note-taking format how these inventions or discoveries affected human history. You will be able to add more to each throughout the video.

<b>Technology (<i>Idea, process, item, etc.</i>)</b>	<b>How did it affect people's lives and human history?</b>
<b>Example:</b> Houses (Permanent structures)	Humans were able to weather harsher climate, store more items safely, spend less time building and re-building structures, like tents again and again...
